1. Background

1.1 Ravioli WebWorks (RWW)

RWW is one of the rapidly growing web solutions provider company in Winnipeg, Canada. We are providing premium web solutions and web services to globally spread clients since 2015. We develop solutions by utilizing latest technologies to serve simple and complex requirements of clients. We make sure to give maximum ROI (return on investment) to our clients with our strategies.

We develop advanced web applications that can handle large amounts of data and transactions. We build visually attractive, innovative and professional designs to reflect the style, presence and unique identity of the client through our website development solutions.

1.2 Around the Globe (ATG)

Around the Globe is a travelling firm providing well-shaped tours to its clients. The company was founded in 2010 and created its reputation with satisfactory services to their clients. They started with covering few cities across Europe and evolved their business throughout the world with time. They are having an impactful following across the social medias. They are willing to have their own website to take their brand further in the business with an online booking module.

The company is also looking forward to maintaining a blog to provide informative and encouraging content for all kind of travellers through their website. Their main vision is to motivate more people to travel to new places as travelling is one of the best ways to have a refresher in one's life in this fast-paced modern world.

1.2.1 Competitor Analysis:

The probable competitors of Around the Globe will be companies providing similar services of traveling over the internet such as Travel Go and Tourist Paradise. Also,

blogging sites related to travelling will be considered as a competitor such as Vacation Diaries. These all websites are having modern layouts with ease of functionalities. Our focus will be on delivering an engaging look and feel of the website. Also, we will keep the user experience of the website in mind, so that it is very easy for anyone to access.

2. Goals and Objectives

- Grow more users and increase the bookings with better popularity.
- Make the website more engaging by keeping it easily accessible for all kind of users.
- Implementation of the latest technologies of PHP with MySQL and infrastructure to have more stable solution for future expansions.
- Design the website with modern standards, organized content and simplified navigation structure with efficient layout.
- Make website responsive to reach out more users by covering mobile devices.

3. Proposed Solution

- We will build the website to present professional standards with more efficiency and stability along with user friendly behaviour.
- We will follow a standardized process of completing one phase of work and move to next phase after getting approval from you to minimize the occurrence of rework and maximize the outcomes.
- We will provide you documents like content outline, sitemap, wire-frames, PSDs, organized content, coded and functional website, test-cases and implementation to stable infrastructure.

3.1 Development technologies that we will use

- **Frontend:**

We are going to use following technologies to the frontend of the website for the end users.

- HTML5

- CSS3
- JavaScript
- JQuery

- **Backend:**

We are going to use the combination of PHP and MySQL to the backend of the website for administrative access. It will serve the purpose of making the website dynamic in nature. End users will be able to see the reflection of change in data in real time environment. Also, this will give more flexibility to the admin to manage all data very easily.

- PHP
 - It is a widely used programming language for web development.
- MySQL
 - It is a relational database management system that allows programming language to manage website's database.

3.2 Various kind of data that we will collect

- We store members' information with registration.
- We maintain data sets to store all details related to tours along with the allocated itineraries included with the tours.
- We also save data related to member's bookings when they booked any tour from the website.
- Additionally, we store data for the blog content of the website which are managed by admin.
- We gather FAQs from admin to make them available to end users.
- We give users an option to provide testimonials about their experience with the website.

3.3 Users interactions throughout the website

This website will have 3 different kind of users.

- **Admin:**

- Admin will be able to manage all kind of data for the website.
- Admin will be able to manage categories, tours, blogs, itineraries, FAQs and users.
- Admin also will be able to view all the bookings and testimonials from customers.

- **Blogger:**

- Blogger will have access to manage blogs for the website.

- **Customer:**
 - Customer will be able to interact with the frontend of the website.
 - Guest user will only be able to see all tours, blogs, testimonials, FAQs and contact information.
 - Authenticated customer will be able to see all data as well as will be able to book tours and write testimonials about the website.

3.4 Security measures that we will provide

- **User Authentication:**

We will use login mechanism to implement authentication for valid user along with password encryption against dictionary attacks.

- **Cross Site Scripting (XSS):**

To prevent cross site scripting, we will always filter all the inputs from user before inserting data in database and we will always escape data before outputting it to the user display.

- **Cross Site Request Forgery (CSRF):**

We will generate a random token for every session on the website to secure against CSRF attacks.

3.5 Assumptions

- Page Range will provide us photographs and media to put on the website.
- We will get updates on approvals from Page Range within defined timeline.
- We will not work on next phase without the work from previous phase gets approved by you.

4. Target Audience

4.1 Primary Audience

The primary audience for Around the Globe will be individuals ranging between the age of 18 to 60. They might be solo travellers, or they may travel in groups of friends. Also, there can be couples or families travelling together for a vacation. They all will be able to look around for upcoming tours and make a booking as per their best fits.

There may be possibilities of parents wanting to gift a tour to their children or individuals want to gift their parents a bracing vacation trip. Travelling gives energetic and healing

vibes to everyone, so the color combination of orange and blue feels best suitable for intended website design.

4.2 Secondary Audience

The secondary audience for the website would be of any age who wants to enhance their knowledge about travelling experiences around the world throughout company's blog. Blog will play an important role for any beginner travellers to cope up with any kind of hesitations they might have to try out the new experience for the first time.

5. Qualifications

A section titled "Itineraries" contains a bullet point: "• All Drinks: Sed et vehicula augue, sed malesuada massa. Curabitur tempor id purus vitae porta." At the bottom, there are links for "Terms of Use" and "Privacy Policy", followed by the copyright notice "All rights reserved © Around The Globe 2019".

11.6.11 Blog Details

The screenshot shows a travel blog post. At the top, there's a navigation bar with social media icons (Pinterest, Instagram, YouTube, Twitter, Facebook), a search bar, and links for 'FAQs', 'Login', and 'Register'. Below the navigation is the ATG logo ('Around The Globe ATG'). The main header reads 'Be Your Own Guide'. The author is listed as 'Ravi Patel' and the publication date is 'Published On: 2019-01-12 00:00:00'. The central image is a close-up photograph of travel accessories: a compass, a telescope, a lantern, and a pocket watch, all resting on a map. Below the image is a placeholder text: 'Donec non diam eget nunc elementum rutrum.' At the bottom, a dark footer bar contains links for 'Terms of Use' and 'Privacy Policy', along with the copyright notice 'All rights reserved © Around The Globe 2019'.

11.6.12 Cart View

The screenshot shows the "View Cart" page for the "Around The Globe" travel agency. The page features a large background image of the Colosseum at night. At the top right, there is a navigation bar with links for "Cart 3", "FAQs", "Profile", and "Logout". Below the navigation is a menu bar with links for "Home", "Tours", "About Us", "Blog", "Testimonials", and "Contact Us". A prominent "View Cart" button is centered over the Colosseum image. The main content area is titled "Added Tour(s)" and displays a table of tour items:

| Tour | Unit Price | Quantity | Line Price | Action |
|---|------------|----------|------------|--|
| Spring Break Ibiza | 240.20 | 2 | 480.40 | <input type="button" value="2"/> Remove Tour |

At the bottom of the page, there are two buttons: "Continue Booking" and "Checkout Now". The footer contains links for "Terms of Use" and "Privacy Policy", along with a copyright notice: "All rights reserved © Around The Globe 2019".

11.6.13 Checkout

The screenshot shows a website for "Around The Globe" (ATG). At the top, there are social media sharing icons (Pinterest, Instagram, YouTube, Twitter, Facebook) and a navigation bar with links to Home, Tours, About Us, Blog, Testimonials, and Contact Us. A "Cart" icon with a value of 3 is also present. The main content area features a large image of the Colosseum at night with the word "Checkout" overlaid. Below this, a section titled "Booked Tour(s)" displays a table of tour bookings:

| Tour | Unit Price | Quantity | Line Price |
|---|------------|----------|------------|
| Spring Break Ibiza | 240.20 | 2 | 480.40 |
| Venice Carnival Grand Ball Gala Dinner & Show | 100.99 | 1 | 100.99 |

| Sub Total | 7 | | 897.39 |
| GST | | | 71.79 |
| PST | | | 44.87 |
| Total | | | 1014.05 |

Below the table is a "Payment Information" form with fields for Name on Card, Credit Card Number, Expiry Date, and CVV. It includes "Pay Now" and "Reset" buttons, and a "Continue Booking" link. At the bottom of the page is a dark footer bar with links to Terms of Use and Privacy Policy, and a copyright notice: "All rights reserved © Around The Globe 2019".

11.6.14 Thank You

A screenshot of a travel website for "Around The Globe" (ATG). The header features social media icons (Pinterest, Instagram, YouTube, Twitter, Facebook) and navigation links: Home, Tours, About Us, Blog, Testimonials, Contact Us, Cart (0), FAQs, Profile, and Logout. The main image is a photograph of the Colosseum in Rome, Italy, illuminated at night. Overlaid on the image is the text "Thank You for Booking!". Below the image, a section titled "Booking Info" displays booking details: Booking # 100008, Date Time 2019-09-13 20:25:54, Charged 1014.05, and Addressed River Osborne, Winnipeg, R3L0E6, Manitoba, Canada. The page is divided into two main sections: "Company Info" and "User Info". The Company Info section includes the company name "Around The Globe", contact information (Tel: 1-800-555-7722, Email: orders@atg.com), and a message "Have a nice day!". The User Info section lists the customer's details: Name Ravi Patel, Street River Osborne, City Winnipeg, Province Manitoba, Postal Code R3L0E6, Country Canada, Phone 2043333111, and Email patel.ravio4@gmail.com. A "Booking Details" table summarizes the tour purchases:

| Tour | Unit Price | Quantity | Line Price |
|---|------------|----------|------------|
| Spring Break Ibiza | 240.20 | 2 | 480.40 |
| Venice Carnival Grand Ball Gala Dinner & Show | 100.99 | 1 | 100.99 |
| Bali Hai Sunset Dinner Cruise | 79.00 | 4 | 316.00 |
| Sub Total | 7 | | 897.39 |
| GST | | | 71.79 |
| PST | | | 44.87 |
| Total | | | 1014.05 |

At the bottom of the page, there are links for Terms of Use and Privacy Policy, followed by a copyright notice: All rights reserved © Around The Globe 2019.

11.6.15 Admin Dashboard

The screenshot displays the ATG Admin Dashboard. On the left, a dark sidebar lists navigation items: ATG Admin, Dashboard, Tours, Categories, Blogs, Itineraries, Bookings, FAQs, Testimonials, and Users. The main content area is titled "Dashboard" and contains four cards: "Overview" (green), "Tours" (blue), "Bookings" (purple), and "Users" (red). The "Overview" card shows statistics: Total Tours (22), Total Users (5), and Total Bookings (8). The "Tours" card shows Maximum Price (\$33.50), Minimum Price (\$9.00), and Average Price (\$227.05). The "Bookings" card shows Maximum Booking (\$2,291.46), Minimum Booking (\$78.20), and Average Booking (\$1,347.63). The "Users" card shows user counts: Admin (1), Blogger (1), and Customer (3). Below these cards is a section titled "List of Recent Logs (Last 15)" with a table of log entries numbered 1 to 15, each detailing a specific event with timestamp, URL, method, and browser information.
